**Subject:** [EXTERNAL] Comment on Ethnic Studies Model Curriculum

I am writing to ask that you please maintain the following items in the latest ESMC draft:

- Lessons on antisemitism, including information about its origins and ongoing threat in the United States
- The removal of explicitly antisemitic and anti-Israel content
- Safeguards to help prevent hatred and bias in California schools

These improvements to the ESMC are vital and necessary to combat the rise in anti-Jewish attacks across the country.

Thank you for your service,

Scott Kravitz
