Scrap it !

This is a biased curriculum based on socialist ideals and propaganda

It is anti Constitutional antisemitic racially motivated hate filled destructive liberal socialist ideology and propaganda

This curriculum model is politically and ideologically spun to the tune of social engineering You are attempting to-indoctrinate our children and it is unacceptable incomprehensible Within the framework you attempt to delegitimize Israel and the United States of America Its framers seek to revise and rewrite history for their own personal agenda

They no longer serve the people

It seeks to dismantle our Declaration of Independence Our Constitution and strip the people of any basic rights freedoms and core values this Nation was founded upon Endowed to us by our Creator

We have forgotten God who made us

Its framers have exchanged the Truth of God for a lie Our basic rights and core values are trampled upon This is an affront to anything good and true Gender redefined despite scientific evidence to the contrary Seriously You propagate killing the unborn by providing free unhindered abortions to 12 year olds without parental consent How can you claim to value or protect life You devalue it

This promises liberty but bring bondage

Health but sickness and disease

Equality but hate

Where is the respect for one another

You have taken it upon yourselves to sexualize and demoralize our children for your own perverted pleasure and personal gain

There is nothing healthy or sound about this

You claim intolerance to those who do not accept your worldview When in fact you yourselves are intolerant

You worship your own intellect

Your Ethnic studies exploits our children through social engineering when they are the most vulnerable to your radical extremists ideologies

Please reconsider
This is insanity

Free enterprise is demonized and socialism is embraced in your model Anarchy encouraged Do you not know You yourselves are despots

Have we lost all sense of decency or moral conviction Any reasoning Have you any conscience that you would even consider perpetuating this garbage

Please reconsider implementing this curriculum Are we so politically correct that you have rendered yourselves incapable of righteous decisions based on truth

Have you not learned from history

We are an amalgam of people governed by the laws and values endowed by God Almighty and penned by our forefathers

As a nation we have prospered because of these principles and core values it was founded upon

You have forsaken the right way and gone astray

This curriculum will become a snare to you your children and your children's children
You will reap what you yourselves sow

I implore you because I care .

I love people our Country it's values it principles its liberty I love all peoples regardless of ethnicity I believe we are all created in the image of God and we should value life respect others and honor God Almighty I love my neighbors I believe and trust in God and His word I'm praying for you . Praying for our children I'm praying for our Country and for His mercies

Please reconsider
Respectfully
In love and truth

Do not forget this one thing
You will give an account to Him who is ready to judge the living and the dead

Whether you believe or not

We put ourselves in the place of God

Yet we are only man

Repent I implore you
Do righteousness

Love the children more than yourselves

Evil prevails when good men do nothing

Respectfully
I'm hoping for the best !

No disrespect intended
