**Subject:** [EXTERNAL] Ethnic Studies

To Whom It May Concern

I strongly oppose the ethnic studies which promotes a model that exhibits anti-Jewish bias, such as the draft's unvarnished criticism of Israel and its omission of any significant discussion of anti-Semitism

Among the changes I would request is the removal of all references to the boycott, divestment and sanctions movement against Israel

Ethnic studies should continue to be about African Americans, Native Americans, Latinos/Chicanos and Asian Americans.

With Respect  
Stacy Shakiban
