**Subject:** [EXTERNAL] comments on Ethnic Studies Model Curriculum (ESMC)

In response to the Ethnic Studies Model Curriculum (ESMC):

It is offensive, divisive and discriminatory to divide people into groups by race and attributes based on color of skin. It is unacceptable to be characterized as an oppressor or a victim based on race. I object to pay taxes for such vile information to be imposed on my kids. Do not even try to teach such garbage in my schools, or you **all** will be voted out of your government jobs, recalled and prosecuted to the full extent of the law for malpractice and child abuse.
