**Subject:** [EXTERNAL] ESMC Curriculum Model 2019 draft

I have great concern about the 2020 Ethnic Studies Model Curriculum May 2019 Instructional Quality Commission Draft.

I tried to find a public document to fill out and it was not available.

The new curriculum is anti-Jews and Israel and I find that very offensive and antisemitic. Children are our future and they should learn about all different religions and Countries.

This is unconstitutional as it should not matter what race or your religion is, we are all Americans and equal in our rights.

I object to the ESMC new Curriculum which excludes Jewish people and Israel.

I live in California zip code 90503 and I am over 18 years old. I have 2 young grandchildren in Public School in California.
