Believing in the God of Abraham, or not believing, will not change the consequences of ignorance to His word. "Those who Bless Israel will be Blessed, and those who curse Israel will be cursed", if you Love California, if you do not want to be cursed, do not incorporate the false Palestinian narratives into your schools curriculum, draw nigh unto God, please do not be deceived Christ is about to return, ask Christ for forgiveness, your and my sins put Christ on the Cross, please do unto others as you would want them to do to you and stop all discrimination...May the God of Abraham stir your heart, as you cry out in Jesus Name..
