**Subject:** [EXTERNAL] Critical Race Theory - do not approve!

Dear Board of Education members,

Please do NOT approve the curriculum of Critical Race Theory in our K-12 schools in California. This theory does not present a fair and balanced study of race and ethnicity in America, but leans heavily toward leftist ideology, ignoring any conservative viewpoints. It is your responsibility to present non-partisan and fair curriculum to our students. Critical Race Theory is anything but fair.

Thank you.

Susan Prudler
