Subject: Ethnic studies Curriculum

I am writing in opposition to the Ethnic Studies Model Curriculum that has been developed for use in California Schools. It is hard to imagine who has written a curriculum that omits any description of the contributions American Jews have made to this State and Country; omits any reference to anti- Semitism, despite the fact that it is the most prevalent form of religious hatred in the country, manifesting in fatal shootings in Poway and Pittsburgh this year ; YET targets Israel, supporting the BDS movement aimed at harming Israel .

I am frankly stupefied that this document ever saw the light of day.

WHO WROTE THIS?

And why wasn't it fixed before public dissemination and the invitation for public comment?

I hope that the Legislature will reject this Curriculum as currently constituted and send a new group back to the drawing boards to revise it.
