

Dear Curriculum Committee:

I am aware of the curriculum on ethnic studies you are developing. Excluding the inclusion of the Jewish people's significant contribution and cultural diversity as well as the global anti-Semitism and exclusion of other ethnic minorities Hindus, Koreans who also make up a substantial portion of California's residents is just wrong. I urge you to extend the deadline for comments and to create a curriculum that is truly inclusive. Please do not help to perpetuate the divisiveness that has a stronghold on our communities and our nation.

Thank you,

Phyllis Schoenwald, PA
Heath Care Consultant

Former VP of Medical Services
Planned Parenthood Northern California
