Subject: Proposed Ethnic Studies Curriculum is Fatally Flawed

Hello.

The proposed Ethnic Studies Curriculum is poorly written - there is no mention of anti-semitism, and in fact, contains anti-semitic tropes.

The one-sided view of the Israel/Palestinian conflict calls for the elimination of Israel, and would fuel anti-semitism.

Please do not subject our grandchildren, and the students of our state, to this fatally flawed proposed curriculum.

Please rewrite this curriculum!!!

Thank you.
