I fully reject and abhor the anti Semitic - anti Jewish - Anti Israel bias and the racism of the proposed California Ethnic Studies Model Curriculum Draft (ESMCD).

We do not agree that promoting a radical and violent biased agenda based in Arab Nationalism and encouraged by the Muslim Brotherhood - a pro - Nazi organization, is either in the interest of community well being, peace or in the interests of our children,

This form of blind acceptance of radical ideology has no place in the school curriculum.

Therefore I urge you that this NOT be adopted into the California school system.

Respectfully,

Jeffrey Solomon
