Subject: Draft of Ethnics Studies  
Importance: High

August 14, 2019

While it is good and imperative for us all to know our backgrounds and know each other, this draft seems to miss the mark.

Jewish Americans have a hxstory here as well and that is not addressed. Anti-Semitism is not discussed.

The BDS movement has no place in this curriculum. It is an international issue!

I hope that you will take another look at the ideas contained in the program and can make some appropriate changes.
