**Subject:** [EXTERNAL] Am concerned. Need more information please

I am very pleased that ethnic studies will be part of our children's education.

As a Jewish resident of California, I, and many others in my community are very unhappy -- even with the revised version.

I would welcome from you a list of the academics who worked on the course material. And, VERY IMPORTANTLY, their credentials that drew you to choose these academics to be responsible for the Jewish/Israel section.

Thank you very much,  
Sincerely,  
Helen Weinstein
