**Subject:** [EXTERNAL] Ethnic Studies Model Curriculum, and Pacific Islander/Arab American History

To whom it may concern,

I urge you to include pertinent information about Pacific Islander and Arab American history in the Ethnic Studies Model Curriculum.

As an educator, I see the value of representation and the power and potential it presents to kids. Please, in your design of culturally responsive curricula, be culturally responsive.

I have good faith in the intentions of this team, and I hope to see that our simple request is met.

Thank you for your time,  
Jordan Jimenez
