Subject: [EXTERNAL] Support the inclusion of Arab American studies.

Dear Ethnic Studies Open Comment,

It's never been clearer how important Ethnic Studies is and we urge you to support the inclusion of Arab American studies in the Asian American studies curriculum.

BEWARE!!! WARNING!!! There are those of immoral persuasion who seek to ban holistic full circle education, to censure truth about peace, people and planet and not allow LOVE of all the peoples of the world... red and yellow, black, brown and white, which in millions of USA citizens rightful opinions, IS NOT what a true Christian nation has any business being about, EVER!!! There are also crackpots cult who write textbooks for our USA schools... books that have totally rewritten history according to their extreme bigotries and flat out hatreds of people and their arrogant sociopathic missions to degrade, dumb down, destroy minds and souls ... We want and demand the best most honest education in the world!!!

The racial disparities in the impact of Covid-19, the xenophobic targeting of Asian Americans as "vectors" of disease, and the national uprising in response to the murder of George Floyd point to the need for anti-racist education: All students need comprehensive Ethnic Studies in their K-12 curriculum to build empathy, unity and solidarity with each other, strengthening our movements for justice.

The ESMC is structured around the core pillars developed by the founders of Ethnic Studies in 1969: American Indian studies, Africana/Black studies, Chicanx/Latinx studies, and Asian American studies. Following a decades-long tradition in higher education, the ESMC includes Arab American studies within Asian American studies.

Leading Asian American scholars, including the National Association of Asian American studies, have issued statements defending the inclusion of Arab American studies in the CA ESMC.

Ethnic Studies has been linked to increases in positive personal, academic, and social outcomes for students.

In the post-9/11 era, exacerbated by Trump's Muslim ban, Arab American students are desperately in need of curriculum that reflects their histories and current realities.

TURATH (Teaching Understanding and Representing Arabs Throughout History) is a 2020 report researched and written by the teenage members of Arab Youth Organizing (AYO). According to AYO's findings, more than 66% of the students surveyed said they received most of their information on Arabs and/or Muslims from the internet or television; only 2.3% learned about Arabs and/or Muslims at school.

Sincerely,
