 Subject: Ethnic Studies curriculum proposed for all California schools.

This is the easiest way to send 1.) send to ethnicstudies@cde.ca.gov 2.) just say you agree with Jerome Zeldes
 I don't agree with the whole idea, but if it has to be, let's be inclusive.

he er here, it for a t that o the ? nt.]	My granddaughter and all the young people who will be attending these schools.	I do not see the following included in the proposed curriculum: The contribution of Jews to America: Haym Salomon, Albert Einstein, Ruth Bader Ginsburg, George Gershwin, to name a few. Anti-Semitism in America: Peter Stuyvesant, Henry Ford, etc. Refusal of America to take in Jewish refugees before and during World War II. Current anti-Semitism from White Supremacists, on college campuses, etc. Jews make up only 1.4% of the U.S. population, this sounds very political to me!
