

I just wanted to send you an email letting you know I support the 2020 Draft Ethnic Studies Model Curriculum.

Maybe you don't get enough white guys telling you to do this. That's sad. But, take it from this white guy, *you have to do this*.

We need to grow up. Help us out.

Also, I live in LA (90027). So, yeah, it'll impact my kids. Help me make *them* better.

Win, win.

Sean McConnell
