Subject: [EXTERNAL] CRITICAL RACE THEORY

Dear CA Board of Education:

By way of this email, I would like to express my disapproval of teachers teaching "white privilege", "racial discrimination" and "gender discrimination" to our young children. These topics require the understanding of a mature adult.. To teach young children these heavy and burdening subject matters will definitely confuse them and ultimately make them bitter in life.

I respectfully ask that you reconsider your educational curriculum regarding "white privilege", racial discrimination", and "gender discrimination" and remove from teaching to our young children.

Thank you in advance.

Marlo Isaac
