

The following petition, which expresses concern about a deceptive campaign to get California school districts to adopt an unapproved, widely-condemned first draft of the AB 2016 Ethnic Studies Model Curriculum, was signed by **2,503** California residents from **215** California school districts, as well as **512** out-of-state citizens who are deeply concerned about this matter.

Petition from 2,500 CA Residents Regarding Deceptive Ethnic Studies Campaign

SENT VIA EMAIL

Dr. Linda Darling-Hammond
State Board President
California State Board of Education
1430 N Street, Room 5111
Sacramento, CA 95814

July 20, 2020

Dear Dr. Linda Darling-Hammond,

We are California residents, taxpayers and concerned citizens, many of us with children and grandchildren in schools throughout the state. We are deeply concerned about an unscrupulous campaign to mislead district school boards into approving and making plans to implement the divisive and highly flawed first draft of the AB 2016-mandated high school ethnic studies model curriculum before it has been revised by the Instructional Quality Commission (IQC), vetted by the public and adopted by the State Board of Education. Several school boards have already rubber-stamped resolutions affirming support for the unapproved draft curriculum and even committed their districts to moving forward with it, with more school boards expected to do the same in the coming months.

Shockingly, this deceptive campaign to circumvent the state's curriculum revision process is being carried out by the same individuals who formerly worked with the IQC and were responsible for developing the original draft, which received an outpouring of public criticism from more than 19,000 Californians and dozens of state legislators. Governor Newsom stated, "We are united in our resolve to make sure the advisory committee draft is only that, a draft, that will be substantially amended... It will never see the light of day."

Let us be clear: the original draft promotes highly controversial political ideologies that can't help but exacerbate ethnic divisions and foment bigotry in our schools. This is not the ethnic studies curriculum that we want for our children, our school districts or our state.

Last August, you acknowledged that the first draft model curriculum "falls short and needs to be substantially redesigned." As we eagerly await the promised revisions this fall, **we ask that you immediately urge district school board members to wait until the state's revision process is completed before affirming support for the ethnic studies curriculum or making plans to implement it in their district.**

Thank you for your attention to this urgent matter and your leadership in these challenging times.

2,503 California Residents representing **215** California School Districts and **512** Non-California Citizens
