Subject: [EXTERNAL] Don't approve curriculum in current state.

The current ethnic studies curriculum is limited to a select group of CA ethnic groups. What about my ethnic group?

The curriculum excludes many groups: Hindus, Sikhs, Koreans, Armenians , and my community – Jews.

The curriculum only covers historical anti-semitism or it's expression today, in a superficial manner.

The curriculum pushes sectarian divisions and will do nothing to unify Californians.

In spite of a revision process, the net result is nothing but divisive.
