Subject: proposed new curriculum- ethnic studies

To Whom It May Concern:

I am rather alarmed at the content of the proposed model curriculum that appears too biased and unbalanced. I do not think the curriculum really challenges students to read, listen, gather facts, analyze those facts, and *think critically* about ethnicity.

it is full of silly "politically correct" obtuse references.

We do not need a curriculum that is an exercise in group thinking, but instead we need balanced thinking about race, gender, and sexuality throughout history. The material is too one sided.
