Subject: [EXTERNAL] Support in Favor of Resolution on Ethnic Studies Model Curriculum

Dear Board Members;

The world is quickly becoming like a global village. We need to prepare our kids to learn more about other cultures and espouse the beauty of diversity so that peace, harmony and prosperity prevail in the future, and avoid the chaos led by ignorance, bigotry and hate, which we unfortunately see till today.

Today is your chance to vote on an important resolution to adopt Ethnic Studies Model Curriculum in our schools. I urge you to support the resolution.

Thank you for your commitment to serve our community.
