Subject: [EXTERNAL] Protest for the new guidelines

I am highly incensed that the new guidelines do not condemn anti-Semitism in any way. I would like to know who is responsible for this.

Any minority of any type needs to be protected from this awful prejudice, including those of the Jewish faith. I am not going to try and define all that people of this or any other faith has done.

PLEASE make the necessary changes to protect those who are Jewish.

Bob and Toby Waldorf
