Subject: [EXTERNAL] Comments on Ethnic Studies Model Curriculum

Dear Members of the Instructional Quality Commission,
I am supportive of Ethnic Studies courses for high schools.
However, I have deep concern about the current Aug. 2020 draft of the California Ethnic Studies Model Curriculum (ESMC). I'd like to add my support for the following two requests for revisions:

- Request Genuine Ethnic Studies Curriculum that Comply with California History-Social Studies Framework 2016, sent to you by [Better Ethnic Studies](#): [link to Drive redacted]
- the detailed revision requests recently sent to you by the [Alliance for Constructive Ethnic Studies](#): [link to Drive redacted]

Thank you for your attention to these crucial problems in the ESMC.

Sincerely,
John
