**Subject:** Proposed BDS curriculum

In the light of this outrageous distortion of facts and in some cases, outright falsehood , should I, like my relatives before me, be prepared to wear a large Jewish star pinned to my clothing. It appears that 1939 Germany is alive and well in California. How can you not see what is happening? How can you participate in this?

I am outraged and disgusted,

Dr. Anita Farkas

Placentia, CA 92870
