Dear Soomin Chao:

The Model Curriculum being adopted by California School Boards is excellent for encouraging Jew-hatred and hostility toward Israel. And it will help promote the agenda and careers of antisemites like Tlaib and Omar and Sarsour.

If this is your agenda, you should see spectacular results in increased aggression toward Jews in a few years after the current group of students have absorbed the poison.

Yours truly,  
Dr. Samuel Hilt  
Petaluma, CA
