Dear Chairwoman Chao and Members of the Instructional Quality Commission:

We write to inform you that the California Legislative Lesbian, Gay, Bisexual, Transgender, and Queer (LGBTQ) Caucus - comprised of LGBTQ legislators and statewide officers - has serious concern with the current draft of the Ethnic Studies Model Curriculum (ESMC). We have enormous respect for the Instructional Quality Commission, which oversees an exhaustive and deliberative process for curriculum development, and we believe deeply in the critical importance of ethnic studies.

However, in its current form, the ESMC omits the American Jewish experience, ignores anti-Semitism, and, indeed, institutionalizes the teaching of antisemitic stereotypes in our public schools. We cannot support such an extreme approach to a community that has experienced millennia of oppression, including genocide, and that continues to experience hate-based attacks in California and throughout the country and the world.

California's Legislative LGBTQ Caucus was formed in 2002 to create a forum for California Legislators to discuss issues that affect LGBTQ Californians, to promote LGBTQ-focused legislation, and to further the goal of equality and justice for all Californians. California was the first state in the country to form an official caucus of openly-LGBTQ state legislators.

An LGBTQ Caucus priority is advocating for diversity and inclusion of all people, especially our most marginalized populations. To that end, we believe it is incredibly important that the curriculum taught in our public schools not contribute to the marginalization or discrimination of any population. Without significant edits, we fear the ESMC will not meet this goal with respect to the Jewish community. We strongly urge you to reconsider and make serious adjustments to the curriculum.

Sincerely,

SCOTT WIENER
Senator, 11th Senate District
Chair, California Legislative LGBTQ Caucus

TODD GLORIA
