**Subject:** Ethnic Studies Model Curriculum

To whom it may concern:

I am troubled by the current version of the ethnic studies model curriculum.

I read in the "J" that the curriculum, ". . . excludes Jews and Judaism from its discussion of ethnic groups, is one-sided in its view of the Israeli-Palestinian conflict, does not deal seriously with anti-Semitism, and even uses an anti-Semitic trope."

Please revise the curriculum so that it will not have the problems mentioned above.

Thanks.
