Subject: [EXTERNAL] ESMC Recommendation for Official Public Comment Summary Count

Good Day,

In your official summary of public comments, where you note "public comments in support of original draft", please numerically include the 27,000+ [who signed this petition](#). At minimum, please include the 24,000+ in support attached here (rather than 2 as last shown). It is important this is part of the official narrative.

Thank You,
Ethnic Studies
