<p><i>Write “General” if your comment isn’t about one specific chapter.</i></p>	<p><b>Daniel Baron, Jewish Californian</b></p>	<p>I am writing to express my indignation with proposed California public school Ethnic Studies curriculum that clearly seeks to spread hatred for Israel and antisemitism. Under the guise of promoting diversity and inclusion the proposed curriculum seeks to divide, brainwash children with toxic antisemitic sentiments, promote anti-Israel agenda and hatred of Jewish people. Such antisemitic propaganda not only deprives students of truth, but also goes against the fundamental purpose of education to deliver knowledge and facts, develop critical thinking skills, and foster independent analysis and formation of informed and substantiated opinions. Having reviewed the elements of the proposed curriculum I find the one sided perspective it promotes deeply offensive. Nowhere in this curriculum can we find the perspective of Israeli families whose children have been hiding in bomb shelter on great many occasions since early childhood. Nowhere can we find recognition of Jewish minority in California that has been discriminated against no less than other minorities living in our beautiful state. What can we find instead is a poem on page 256 insinuating that Jews control the media and use it to manipulate the public. As parent of a child who attends public school in California, I categorically protest such biased curriculum and demand it to be rejected by the California government. I do not want my child to feel anything but pride about being Jewish and not feel excluded or not wanting to go to school because of the internal conflict this curriculum will inevitably bring about. None of the children, regardless of their ethnicity, should be discriminated against and subjected to such an unapologetic bias, as the proposed curriculum tries to impose.</p> <p>Frankly, I am appalled that in the United States, in California in 2019 such an openly antisemitic curriculum for public schools has been proposed and is considered for adoption, necessitating me to write this letter. Who are we? Where are we going as a state? Will California in 2039 be closer in its views to Germany in 1939?</p> <p>Respectfully, Daniel Baron.</p>

Glossary		<b>Page 2, lines 29-40</b> – This section features a definition which clearly promotes the Boycott, Divestment, and Sanctions (BDS) Movement against Israel. It claims the purpose of BDS is to “establish freedom for Palestinians living under apartheid conditions.” It then parrots more one-sided BDS talking points, offering no critical perspectives about this campaign of hate, including that its true purpose, as <a href="#">stated</a> by its co-founder and leading activists, is to end the existence of Israel, the only Jewish state.
Chapter 2		<b>Page 234, lines 4956-4958</b> – This section: <ul style="list-style-type: none"> <li>• Encourages teachers to highlight BDS and a pro-BDS group called Direct Action for Palestine but no voices critical of their perspectives (p. 234).</li> <li>• Promotes a false equivalence between Israel's efforts to stop terrorists from entering communities to murder innocent people, and U.S. policies on the border with Mexico.</li> </ul>
Chapter 2		<b>Page 237, lines 5024-5032</b> – This section: <ul style="list-style-type: none"> <li>• Use unclear language that implies “Israel-Palestine” as a whole is an Arab country.</li> </ul>

Chapter 2		<p><b><i>Page 256, lines 5477-5494, pages 264-270, lines 5692-5830</i></b> – These sections:</p> <ul style="list-style-type: none"> <li>• Encourage teachers to use an anti-Israel poem which insinuates Jews control the media and use it to manipulate the public - a common, and quintessential, antisemitic slur.</li> </ul>
General		<p>The <a href="#">Introduction</a> of the proposed curriculum states that “[t]he implementation of Ethnic Studies presents an opportunity for teachers to...enable students to develop a deep appreciation for cultural diversity and inclusion, and aids in the eradication of bigotry, hate, and racism.” Despite this stated goal, the curriculum does not feature a single lesson about the Jewish community or antisemitism, mentioning Jews only in passing. With antisemitism rising and ignorance about the Jewish people still a significant problem in our society, the exclusion of Jews and antisemitism from this curriculum is deeply disappointing and educationally deficient.</p>

General	<p>The biased sections and omissions listed above run counter to the stated purpose of the curriculum, in particular:</p> <ul style="list-style-type: none"><li>• Section 1(a): The State of California is committed to providing excellent educational opportunities to all its pupils;</li><li>• Section 1(f): The state’s educational standards should be guided by core values of equity, inclusiveness, and universally high expectations; and</li><li>• Section 1(g): The state is committed to its efforts to provide all pupils with excellent educational opportunities, without regard to race, gender, ethnicity, nationality, income, sexual orientation, or disability.</li></ul> <p>Additionally, California Education Code § 233.5(a) provides:</p> <p>"Each teacher shall endeavor to impress upon the minds of the pupils the principles of morality, truth, justice, patriotism, and a true comprehension of the rights, duties, and dignity of American citizenship, and <i>the meaning of equality and human dignity, including the promotion of harmonious relations</i>, kindness toward domestic pets and the humane treatment of living creatures, to teach them to avoid idleness, profanity, and falsehood, and to instruct them in manners and morals and the principles of a free government." (Emphasis added).</p> <p>The rise of antisemitism within our culture, which has been accompanied by an increasing general threat to freedom, human dignity and harmonious relations, is evidenced by the recent attacks of Jews in synagogues in Pittsburgh and Poway, as well as against other American citizens in El Paso and Dayton. The curriculum’s failure to address antisemitism as a form of bigotry thus falls short of the above directive.</p> <p>Furthermore, the California Education Code’s <a href="#">Prohibition of Discrimination</a> states, in relevant part, that “[n]o person shall be subjected to discrimination on the basis of disability, gender, gender identity, gender expression, nationality, <b>race or ethnicity, religion</b>... in any program or activity conducted by an</p>

		<p>educational institution that receives, or benefits from, state financial assistance, or enrolls pupils who receive state student financial aid.”</p> <p>Similarly, the California Education Code’s Prohibition Instruction includes a provision on <a href="#">Prejudice</a> that states, in relevant part, that “[a] teacher shall not give instruction and a school district shall not sponsor any activity that promotes a discriminatory bias on the basis of <b>race or ethnicity</b>, gender, <b>religion</b>, disability, nationality, or sexual orientation...” This provision, like the Prohibition of Discrimination mentioned above, illustrates the problems inherent in the proposed curriculum, and are not an exhaustive list of the provisions of the California Education Code with which the proposed curriculum appears to be in conflict.</p> <p>The model curriculum not only fails to address antisemitism as a form of bigotry but actually includes thinly veiled antisemitic rhetoric and promotes the discriminatory BDS movement. Additionally, the model curriculum simultaneously fails to provide balance with regard to Israel or any education at all about Jews. Therefore, it effectively discriminates against Jewish and Israeli students in violation of the education code. Additionally, by marginalizing Jewish and Israeli students, the model curriculum violates the three above-referenced declarations of the California state legislature in enacting the legislation.</p> <p>We note the critical <a href="#">LA Times’ review of the curriculum</a>, and hope that the values of inclusion prevail over hatred, division, and misinformation. <b>In closing, we strongly urge you to review and revise the curriculum to remove bias and to educate students about American Jews as an ethnic group, including those who fled the Holocaust, oppression in the Middle East, and discrimination in the former Soviet Union. Furthermore, we call on you to create safeguards that will prevent similar bias and omissions in this and other California state curriculums going forward.</b></p> <p>Thank you for your time and consideration of this critical issue.</p>
