Subject: Oppose Anti Israel Hate Curriculum

To the California Department of Education/Instructional Quality Commission and to Those this may Concern:

I am a former teacher and parent of a student at Capuchino High School in San Bruno.
I am very concerned and upset about anti-semitic and anti Israel content and course material throughout the ESMC. In politicizing the Israel-Palestinian conflict, the ESMC is polarizing and will divide students rather than bring them together. Please do not include anti-Israel sentiments in your curriculum.

Sincerely,
Joanna Hafter
San Bruno California
