Subject: Ethnic Studies Curriculum

My name is Kim Deweese, a retired teacher with 37 years of teaching experience in the state of California. I represent no organization but continue to hope that California will offer a balanced curriculum to its students. I am disappointed in the scope of this proposed curriculum for the following reasons:

Chapter 3/page1- no mention of the Jews as an ethnic group.

Glossary - no mention of the Jews as an ethnic group.

Appendices - no mention of the Jews as an ethnic group (except for a brief mention in the section titled European Immigration).

Thank you for the opportunity to address this proposed curriculum. I hope it will be re-evaluated in a more balanced manner.

Very sincerely,
Kim Deweese
