Subject: [EXTERNAL] Fw: Pelosi Once Again Proves She Can't Follow Her Own Rules

The new rules of the House of Representatives prevents it's members from using the words mother, father, son or daughter because these are not gender neutral designations. Besides being laughable aren't these rules a violation of free speech? This may seem minor compared to her efforts to squash the free speech of conservatives, but it represents the same ethos.

Subject: Pelosi Once Again Proves She Can't Follow Her Own Rules

AMERICAN
RETIREMENT INSIDER

Democratic House Speaker [Nancy Pelosi](#) has proved on multiple occasions that her and her party can't follow her own rules. and yet, it will never cease to shock us that she so easily does it and without conviction.

[Check out her recent violation of House rules.](#)
