Subject: [EXTERNAL] Second ESMC Draft Comments

As native Californian and a parent of two children and a small business owner, I urge the Instructional Quality Commission to create a balanced Ethnic Studies Model Curriculum that includes a lesson about antisemitism with an accurate definition of antisemitism, such as the International Holocaust Remembrance Alliance's, which the U.S.

State Department adopted in 2010.

Please remove any antisemitic or anti-Israel bias in the lesson plan on Arab Americans.

Sincerely,

Jeff Silver
