**Subject:** [EXTERNAL] ethnics school curriculum issue

good morning Soomin

I am a registered CA voter-was on the initial 12 member Hillsborough Schools Foundation Board and co managed their endowment fund for 10 years

I am writing to you to please vote NO against the

***California school board consideration of adopting a curriculum that has been accused of promoting anti-Semitic and radical anti-Israel content, despite the Jewish community's vocal objections.***

I beg you to work with your associates to ensure this egregious proposal is not adopted

The level of anti semitism, anti Israel rhetoric has never been higher post the Holocaust, whom a number of those on the committee are Holocaust deniers

Please prevent this from happening

Jerry
