Hello to whom it may concern,

My name is Nina Nechama Gilshteyn. I am a honors student at UCLA whose majoring in Molecular, Cellular, and Developmental Biology and is minoring in Biomedical research. I am privileged to be a member of Tau Sigma National Honor Society, Mortar Board Senior Honor Society, and Golden Key International Honour Society.

I want to use my privilege for good when I say that I am appalled by how the government is isolating and targeting white-skinned Jewish Americans in a very racist concept of white privilege.

I would like to have a discussion with, and present information to people who could enact change on this racist curriculum.

I am not a hypocritical southern white person when I say this is racist. My lineage and I are more similar to AHANAs than southern whites.

Please connect me to someone important who will listen to me.

Humble regards,
Nina Nechama Gilshteyn
