Subject: Ethnic Studies

Dear Instructional Quality Commission,

I was shocked and alarmed to hear and see the current draft of the Ethnic Studies Curriculum. It is with appreciation and relief that I have also seen the letter from the State Board of Education referring to the proposed curriculum.

With acts of anti-Semitism clearly on the rise and the chant that "Jews will not replace us" loud and clear in Charlottesville, it would be more than a serious error to omit study of anti-Semitism in the Ethnic Studies curriculum.

Thank you for looking carefully at this matter.

Sincerely,

Charlotte Biegelsen
